

PIONEERING A NEW PATH IN

AUTISM EDUCATION

2025

THIS IS AYUSH.

AYUSH HAS AUTISM.

AYUSH EXPERIENCES THE
WORLD IN HIS UNIQUE WAY.

HIS BRAIN IS WIRED
DIFFERENTLY, GIVING HIM A
UNIQUE PERSPECTIVE.

AYUSH APPROACHES TASKS
DIFFERENTLY DUE TO
SENSORY SENSITIVITIES
AND AUTISM.

HE SEEKS
CONNECTION, NEEDING
UNDERSTANDING AND
SUPPORT TO NAVIGATE
HIS WORLD.

NEUROTYPICAL SOCIAL
RULES CAN BE
OVERWHELMING FOR
AYUSH.

OUR SYSTEMS AREN'T
BUILT FOR SOMEONE
LIKE AYUSH.

SCHOOL

01

HE NEEDS STRUCTURED CONTENT
AND ADAPTED ENVIRONMENTS
THAT SUIT HIS NEEDS.

HIS BRAIN PROCESSES
INFORMATION IN A
UNIQUE WAY.

AYUSH SEES THINGS
OTHERS MAY NOT.

AYUSH'S IMAGINATION
KNOWS NO BOUNDS,
ALLOWING HIM TO
CREATE ART THAT IS
TRULY INSPIRING.

THAT'S WHY SENSE
KALEIDOSCOPIES WAS FOUNDED.

WE ARE PROVIDING EDUCATION
AND SKILLS THAT EMPOWER
INDIVIDUALS LIKE AYUSH TO
THRIVE IN THE REAL WORLD.

AYUSH IS ONE OF 2.2
MILLION CHILDREN IN
INDIA WITH AUTISM.

WITHOUT THE RIGHT
INTERVENTIONS TO HELP
AYUSH CONNECT WITH
HIS ENVIRONMENT, HIS
ISOLATION COULD IMPACT
HIS FUTURE WELL-BEING.

BY USING AUTISM-SPECIFIC
METHODOLOGIES, WE CAN
UNLOCK AYUSH'S POTENTIAL
AND HELP HIM BECOME THE
BEST VERSION OF HIMSELF.

THE DIFFERENCE WE ARE MAKING

We are creating an **INCLUSIVE SYSTEM** that supports autistic individuals in thriving alongside their peers, fostering mutual understanding and acceptance.

WE EMPOWER **AUTISTIC** INDIVIDUALS TO ACHIEVE INDEPENDENCE BASED ON THEIR UNIQUE STRENGTHS.

We are **BUILDING A COMMUNITY** where the unique voices, passions, and stories of autistic individuals are celebrated, supported, and given a true sense of belonging.

Most importantly, we are **CHALLENGING THE MISCONCEPTION** that autistic individuals are a burden, and highlighting their invaluable contributions to society.

SK'S NEURO-AFFIRMING
ACADEMIC

India's First **Life** **Academy** For Autism.

**EMPOWERING
EVERY
LEARNER.**

At Sense Kaleidoscopes, we provide a neuro-affirming curriculum that ensures quality education for neurodivergent children, particularly those with autism. Our approach is based on the belief that every child deserves equal access to education, tailored to their unique needs and strengths.

IMMERSIVE PROGRAM

By fostering intellectual, emotional, and moral growth, we guide students toward a balanced, empowered future, aligning with SDGs 3, 4, 5, 10, and 11.

Our program thrives in a community-focused environment, where students, parents, and teachers collaborate closely. This attachment-based approach nurtures cognitive, creative, and socio-emotional development, ensuring each child receives the personalized care they need to succeed. Technology plays a central role in our classrooms, with SMART boards and software enhancing lesson delivery and supporting students with communication challenges.

Class sizes are kept small, with 2-4 students per class, ensuring individualized attention. Each student undergoes assessments by experts to ensure the best peer group match. Our strength-based curriculum integrates experiential, sensory-rich teaching, using methods like role-playing and storytelling to make complex concepts accessible. We leverage technology to monitor progress, assess behaviour and conceptual understanding, and collaborate with experts to ensure continued growth and influence on policy.

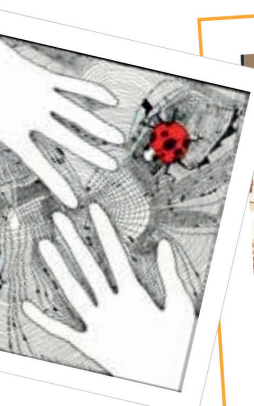

SK'S NEU
ART

Transforming Lives Through India's First **Autism-Specific** Art Program.

VISUAL ARTS
PRINT ARTS
POTTERY & SCULPTURE
THEATRE

At Sense Kaleidoscopes (SK), we offer India's first autism-specific BFA curriculum, designed to empower neurodivergent individuals through the arts. Our comprehensive program includes Visual Arts, Print Arts, Sculpture & Pottery Arts, Theatre Arts and Culinary Arts, focusing on creative expression, life skills, and career development.

PRO-AFFIRMATIVE PROGRAM

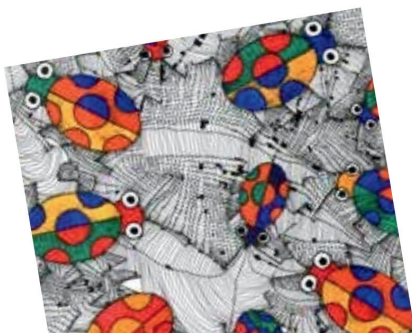

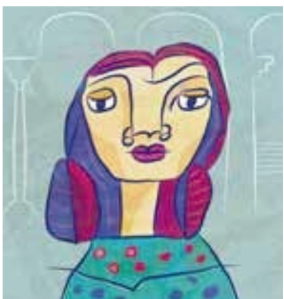

The “Create and Earn” model supports autistic artists in achieving financial independence by enabling them to earn through commissions, sales, and merchandise. We provide scholarships, studio spaces, and gallery representation, ensuring long-term support for their artistic careers.

Our holistic approach fosters self-sufficiency, artistic growth, and social inclusion, while also providing ongoing support for individuals with severe challenges. By combining vocational training with a nurturing environment, SK helps students develop their unique talents, gain recognition in the art world, and build a meaningful career.

ARE MAKING
BREAKTHROUGHS IN
ART EDUCATION

SK is not just an educational program—it’s a transformative journey that breaks down barriers, challenges stigmas, and empowers autistic individuals to thrive as confident, contributing members of society.

HOW SUCCESSFUL WE HAVE BEEN

PARIS

Since 2019, SK has remained the only art school honoured with an invitation to showcase at the 'Outsider Art' Fair in Paris.

**Our artists
are living
proof that
autistic art
is no less
priceless**

KADAK COLLECTIVE

In 2019, our collective launched Bystander, an art anthology exploring community and 'othering.' Sense Kaleidoscopes was the only autism-specific school invited to capture the bystander perspective through the autistic lens.

DUBAI

In 2024, SK received the Zairi Award for excellence in higher education, recognizing our impact in empowering neurodivergent artists.

BEAUTIFUL MINDS
EXHIBITION 2023
PROMO

DELHI

In 2019, Rohit was honoured with the UNESCO Discovering Ability Art Award and a cash prize of Rs. 50,000.

SHELF AWARE

In 2023, our artists had the honour of illustrating all the essays in VR Ferose's book, Shelf Aware.

KOCHI

In 2019, our artists demonstrated the impact of our education by showcasing and selling out at the Kochi Biennale 'Outsider Artist' exhibition.

WHY OUR WORK NEEDS SUPPORT

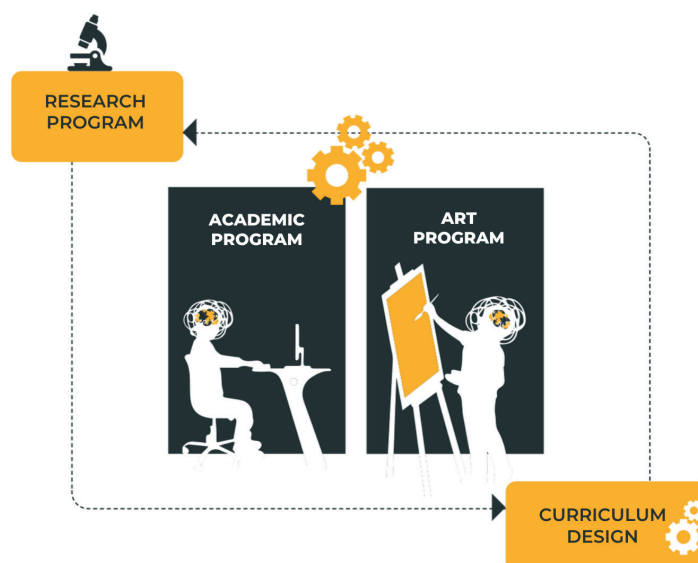

At Sense Kaleidoscopes, we provide personalized attention to each student, ensuring that their unique needs are met for effective learning.

Our small teacher-to-student ratio exceeds that of mainstream institutions, allowing for deeper engagement and better outcomes. To maintain this high level of individualized care, we rely on operational support to keep our programs running effectively.

We are committed to driving change in the education space, continually developing innovative solutions through tailored curriculum design. This requires ongoing research, testing, and validation to ensure that our approaches are impactful and sustainable. Your support helps us advance this critical work, allowing us to refine our methods and set new standards for inclusive education.

HOW YOU CAN SUPPORT THE WORK FOR AUTISM

SPONSOR **A CHILD**

**each
autistic
child is
different
and it
takes the
strength
of *many*
to nurture
growth**

Sense Kaleidoscopes provides tuition assistance to autistic children from socio-economically disadvantaged families, including those raised by single mothers, ensuring they receive the education they deserve. However, sustaining this support is challenging due to high costs. By sponsoring a child, either partially or fully, you directly contribute to their education and well-being, helping us continue our vital work and empowering children to reach their full potential.

SUPPORT ACADEMIC CURRICULUM DEVELOPMENT

Mainstream education often fails to meet the needs of autistic children, who may struggle to connect what they learn to real-life situations. To bridge this gap, we break down complex concepts into smaller, manageable lessons that are more accessible. This requires adapting learning environments, rethinking teaching methods, and designing curriculum that fits the unique needs of neurodivergent minds.

Building, testing, and refining these lessons is a significant undertaking, utilizing resources beyond the classroom. Your support in evolving this curriculum helps us create more effective learning pathways, ensuring that lessons stay on track and reach more children with autism, empowering them to thrive academically and socially.

INFRASTRUCTURAL SUPPORT

Technology is central to our approach, enabling us to deliver personalized, interactive lessons through SMART boards and software. These tools enhance learning for students with communication impairments, build confidence, and support cognitive and social development. Funding for technology ensures we continue creating impactful, tailored educational experiences and measurable outcomes for neurodivergent students.

SUPPORT CURRENT & UPCOMING PROGRAMS

By supporting our existing programs, you help us extend their reach, ensuring more students benefit from them over time. Additionally, funding for programs in development enables us to introduce new opportunities faster, giving students early access to a wider range of educational and creative experiences that foster their growth.

SUPPORT SPECIAL EDUCATORS

Educating children with autism requires a unique set of skills and dedication, and not every educator is equipped to provide this specialized support. Our special educators work tirelessly, year after year, to ensure these children continue to thrive, preventing regression and supporting their mental and emotional well-being. Supporting special educators helps recognize their vital work and appropriately honors their contributions in an environment where funding remains a significant challenge.

SUPPORT BY **INTERNING & VOLUNTEERING**

We believe that volunteers and interns play a vital role in our success. We welcome you to join us, develop a deeper understanding of our work, and contribute to the creation of our unique curriculum designed to support children with autism.

SUPPORT OUR **EXPANSION PLANS**

With 2.2 million children with autism in India, we believe the only way to truly meet this challenge is by scaling our operations. Our vision is to build the largest flagship academy for autism in India, dedicated to creating solutions that empower neurodivergent children to reach their full potential. Traditional programs often fail to support children with autism in a way that promotes growth, leading to regression rather than development. This flagship academy will serve as a model, ensuring that children with neurodiversity have equal access to quality education and the opportunity to integrate into mainstream society.

We are committed to creating a level playing field, where neurodivergent children can thrive without facing barriers. Our goal is to expand our impact and build many more such academies, offering every child the chance to succeed.

We invite philanthropists and corporations who share our vision to partner with us in building autism-specific infrastructure. Together, we can create lasting change, providing children with autism the support they need to flourish and make meaningful contributions to society.
